## 'JOCK'S WAGGIN' TONGUE

Vol. 4 Thur Oct. 31th. No. 41

Jock McIntyre, Editor

It really does not seem to us that it is necessary to destroy property to have a little halloween celebration. We believe that the younger generation could find other ways of celebrating than by the destruction of property.

You should see the new 1941 Chevrolet. It's first because it's finest.

The Wannop sale brought out a large crowd on Wednesday.

See our display of the latest streamlined ranges by Beach and Findley. They would gladden the heart of any cook and make that job easier too.

The grapes goes to Martin and Henry Edenloff for this years largest spud.

You get more in a Westinghouse radio see the new models on display now.

Roy Whitting was a Champion visitor on Wednesday.

We have several good buys in used cars that should suit your requirements as well as your purse.

While nobody knows why a ship is called "she" it is believed that it is because the rigging costs more than the hull.

Don't forget the two dollar trade in for any old lamp on a new Coleman pressure lamp.

Fred Gottenberg and JO Bell were Lethbridge visitors on Thursday. Fred has some skunks to shoot and JO wants some partridge.

Yes we have that new wax remover for removing the old wax from your floors and woodwork and its easy to use too.

## GENERAL NEWS

The most successful dance of the season was held here in Champion last Friday evening. A large crowd was in attendance and the music thoroughly enjoyed.

Saturday afternoon and evening beheld Champion and dist being pelted with snow. Snow fell all evening and by morning a good two inches had fallen. However by this writing it has all melted and citizens have taken the hint and are making final preparations to greet on man winter.

The local Soldier Boys in the N. P. A. M. want your support at their Military Ball in Vulcan on Nov. 11.

George Hargrave and Lenard Voisey were Calgary visitors over the week end.

The house on Railroad Ave formerly owned by Mr. Adams is to be moved to the farm of Mr. A. Eskland near Lake Mc Gregor.

Champions Own Victory Wheel is now located in Cafe Sissons where it will be spun for War Saving Certificates as soon as the 16 chances on each wheel are sold. It only cost a quarter you may be a winner of a \$5 certificate so go in buy a number.

TRUCKING, General, Anywhere, Phone 1002, Champion. McNaughton Brothers.

Don't forget the Remembrance Day Minstrel show and Dance on Nov 11 in the Carman gay Community Hall.

Honorable Peter Dawson left on Tuesday evening for Edmonton where he will attend the funeral of the late Honorable D B Mullen, Minister of Agriculture who died suddenly on Monday.

Members of the C. A. S. F. drawn up on the square for inspection, some here in England.

A London Battalion of the Home Guard have taken over an armoured car. Manned by a crew of three, gunner driver and observer, it has a revolving turret and a Vickers machine gun.

## Dorothys From Here Subscribe To Dorothy Bomber Fund

We hear reports from across the water of all girls or women with the name of Dorothy contributing to buy a bomber. Lately the movement has taken hold in Canada and several Dorothys in Champion are already contributing.

So if your name is Dorothy make your contribution to either Mrs Geo Campbell or Miss Dorothy Hummel.

The Canadian Bank of Commerce offers to send all money subscribed from Champion, to the head office of the Dorothy Bomber fund in Canada, free of charge.

This of course is open to all Dorothys whether they be married or single so don't let the good old name down.

If you will recall the meaning of the name Dorothy is "Gods Gift" So let "Gods Gift" give a gift to the Empire.

The Chronicle will publish the names of those who contribute to this fund from Champion and district.

## Keho Dome To Begin Work Soon

A. S. Roberts of Barons advises us and the public at large that \$8 000 is all the money now needed before a permit from the government will be granted to allow drilling operations to commence.

Shares are now selling at 25c and may be bought in lots as low as 50 shares.

Mr. Roberts says (in part) our structure is to be known as one with the greatest possibilities for crude potentialities and all our leases, stretching along on same, are positively on structure.

Your opinion may have been that a structure of five from over 500 barrels of production taken from the field, your investment back one hundred percent. What this will mean to investors you can figure out yourself.

The young folks had a great times last year on Halloween this year it will be a different story.

A little bird has advised us of certain preparations proper authorities have taken to eliminate the necessity of cleaning up after Halloween. We are also advised of a few secret forces that will be at work on said evening.

These agents might be of the law, with the full and proper authority to handle all cases that may arise on such an evening of vandalism. Preparations we understand are made so that speedy deserts may be melted out to pranksters on the "Five of All Saints" So we advise the young folks to beware,

### A Difficult Task Well Done

To the Wartime Prices and Trade Board belongs much credit for keeping the cost of living down. The general cost of living in Canada has risen not much more than 4½ per cent during the first year, although in some items, notably clothing and rent, the increase has been higher. That the general price level is down is a demonstration of the board's continuous vigilance and energetic action. The quarterly summary of its work up to the end of September shows with what judicious firmness it has dealt with the thorny problems that came before it. The supply and the price of wool, hides and leather, coal, bread and flour, and food-stuffs were some of the items dealt with this summer. A crisis in the coal situation had suddenly to be met when France capitulated, and the processing tax on wheat created a flurry in connection with bread prices. This was settled by the board's quick action and further study of the matter is in progress.

Price increases in Canada raised the index of food-costs to the consumers from 74.2 at the outbreak of the war to 79.8 a month later. On the first of August this year, they stood at 79.6 almost the same as the month after the war started. There have of course, been moderate increases in other living costs. The wartime prices and trade board says: "Analysis of the rise in Canada shows that the effective causes largely increased freight rates and war-risk insurance, higher exchange costs, basic increases in commodities originating outside of Canada, and higher and new taxes of various kinds. One important exemption from the viewpoint of the consumer appears in the case of certain kinds of meat prices of which have reached high levels,

**THE NEW**  
**ESSOLITE**  
(INCUBATOR QUALITY)  
**KEROSENE**

### Cleaner - burning, more efficient

ESSOLITE, the new kerosene recently developed in Imperial Oil research laboratories, is a distinctly different kind of Kerosene. It is an incubator quality fuel and is so free from sulphur and other impurities that it burns with practically no odor and assures cleaner wicks. In lamps and lanterns, Essolite burns with a brilliant, white, flickerless flame. In oil stoves, it gives a steady, uniform heat. In incubators, brooders and refrigerators, it burns safely and uniformly. Essolite Kerosene, now made in Imperial Oil refineries at Calgary and Regina from Turner Valley crude oil, really offers exceptional value, the value you expect in a high grade incubator oil, yet sells at the price of regular kerosene. Ask your Imperial Oil agent or dealer for Essolite.

# Why the Red Cross is in urgent need of funds

Here are a few tasks the Canadian Red Cross must tackle at once:

- 1 At the request of the British Red Cross, it has undertaken to provide 10,000 parcels of food each week from Canada for British prisoners of war in Germany. Canadians can thus help to lessen the strain on Britain's food supplies.
- 2 The Canadian Red Cross will provide, equip and co-operate with the Department of National Defence in maintaining a number of convalescent hospitals in various parts of Canada for use by Canadian soldiers, here and from overseas, who are sick or wounded.
- 3 The Canadian Red Cross will help to supply clothing and other necessities to the more than 100,000 evacuee children in Britain, and the 100,000 refugees from invaded countries who have sought shelter under the Union Jack. Many articles of relief clothing have been supplied, but another half million articles will be needed from Canadian Red Cross workrooms.
- 4 The Canadian Red Cross is sending an increasing flow of supplies for the alleviation of civilian suffering caused by enemy bombing of Britain.
- 5 As Canada's own armed forces grow, on land, on sea and in the air, the need for Red Cross services increases.
- 6 The Red Cross must be ready and fully equipped to meet any emergency at the moment it arises.

These are tasks you must not leave undone. Support the Red Cross with all your heart.

## New Fuel Oil

Reporting recently on the petroleum industry, the Alberta Royal Commission had this to say—'In our view, there could have been no support for the present day range of the activities of industry, and of the other industries depending upon it, without the dynamic technology which has been developed in every branch of the oil business through the unstinted expenditure of money by companies who were in a financial position to make large expenditures support of scientific endeavor.'

Imperial Oil Limited, always a leader in petroleum research announces in this issue of this paper a notable improvement in kerosene following laboratory research and plant improv

emen. The new kerosene now being sold by Imperial dealers and agents is branded Imperial Essolite Kerosene. Never before, it is said, has a kerosene of this high incubator quality been made available at the price of regular kerosene. Essolite Kerosene is said to give improved performance in every use to which kerosene is put.

Essolite is produced at Imperial Oil's Regina and Calgary refineries from Turner Valley crude oil.
